

Technical Drawing Contest  
Tennessee State SkillsUSA Competition  
Margaret A. Payne  
Technical Drawing Chairperson

Tennessee's states winners in technical drawing are struggling in certain areas at National SkillsUSA Competition. National SkillsUSA has a website that drafting instructors need to access. Drafting Instructors need to review the suggested areas of weakness with their contestants.

Information can be found on the following website:

[Skillsusa.org/downloads/PDF/insiders10.pdf](http://Skillsusa.org/downloads/PDF/insiders10.pdf)

National SkillsUSA recommends the regional and state technical drawing problem be more rigorous. The state technical drawing problem increased in difficulty in 2009. The 2010 problem should be much like 2009. There will be a 3D and 2D drawing problem at state competition.
